

Mississippi Steamer Burnt.
New Orleans, Feb. 12.—The steamer *Charm*, from Vicksburg, bound to this city, with 3,800 bales of cotton, was burnt to the water's edge below Donaldsonville yesterday. Five lives were lost. The fire originated about the wheelhouse.

Political.
Portland, Feb. 11.—E. M. Banks (Republican) was elected Mayor of Bridgeford to-day.

Reorganization of the Minute Men of 1866.
Philadelphia, Feb. 11.—The Vigilance Committee of the Minute Men of 1866, desiring a perfect organization, have requested the various organizations throughout the country to send copies of their Constitutions and lists of their members to F. H. Knight, Chairman of the Committee of this city.

Attempt at Murder with an "Infernal Machine."
Pittsburgh, Pa., Feb. 11.—There was a diabolical attempt to destroy the family of Augustus Hoever, a well-known citizen of Lawrenceville, by an "infernal machine," on Saturday night. The machine was placed on the window sill, and fired by means of a fuse.

The whole front of the building was shattered by the explosion, which was as loud as the discharge of ordnance. Several bullets struck in different parts of the room in which the Hoever family were sleeping, but all miraculously escaped injury. There is no clue to the perpetrator of the fiendish act.

Railroad Accident at Norfolk.
Norfolk, Feb. 12.—Last night, an engine and three cars ran into the southern branch of the Elizabeth river, the draw being open, and the signal deceiving the engineer. No one, however, was seriously hurt.

Loss of a Baltimore Vessel.
Charleston, Feb. 12.—The pilot boat W. J. Leitch has just arrived here with a seaman, who was picked up at sea by the ship of the Leitch. He states that he belonged to the brig *James Madison*, of Baltimore, from Attakapas; that on the 2d of January she was wrecked on the stone breakers, and that the captain and the rest of the crew were lost.

Shocking Calamity.
Chicago, Ill., Feb. 11.—Seven persons were drowned yesterday, while attempting to cross a small stream in Mercer county, Ill., in a sleigh. The party consisted of an old man named Minty, Mrs. Mary Haydes and two children, Mrs. Elizabeth Hodson and two children, and Mrs. Bargo and two children. Minty saved himself and one of Mrs. Hodson's children by swimming.

New York, Feb. 12.—Cotton dull—sales of 1,000 bales; upland middlings, 11½ @ 11½ cents. Items Telegraphed from Washington.
Captain Morrison, of the revenue cutter *Lewis Cass*, has sent his resignation to the Treasury Department, and acknowledged that he had surrendered his vessel to the State authorities of Alabama. It will be seen by the following order that no resignation, under such circumstances, will be accepted. Capt. Breshwood's resignation, when received, will, no doubt, be disposed of in the same way.

TREASURY DEPARTMENT, Feb. 11, 1861.
J. J. Morrison, of Georgia, a captain in the revenue cutter, in the service of the United States, late in command of the *Lewis Cass*, having, in violation of his official oath, and of his duty to the Government, surrendered his vessel to the State of Alabama, it is hereby directed that his name be stricken from the roll of the said service, by order of the President of the United States.

Some postmasters recently appointed in the seceded States decline to take the oath to support the Constitution of the United States. Of course, the offices will have to be discontinued, if persons cannot be found to take and hold them according to law. Both the Constitution and the Post Office act of 1825 are imperative in regard to the taking of the oath. No cases for the appointment of postmasters are acted on where the parties seek to effect changes with a view of heading off the next Administration.

Wm. M. Stewart, of Washoe, has written to Representative Burch, of California, and enclosed the caption of a memorial which is being extensively signed by the citizens of Nevada Territory, praying for the organization of that Territory. Mr. Stewart is a son-in-law of Gov. H. S. Foote.

The President has recognized Robert O. Treadwell as vice consul of Spain, at Portsmouth, N. H., and Carl Schmidt, of Cincinnati, as consul of the Duchy of Brunswick and Lauenburg, for Ohio, Indiana, Kentucky, and Illinois.

The collector at New Orleans, after opening the custom-house under the authority of the State of Louisiana, began by refusing to pass the goods in bond for ports of delivery on the river, unless the authority of that State was recognized by the United States revenue officers at those ports. He also refused to take transportation bonds given in Kentucky, and exacted the payment of duties at New Orleans.

These exactions produced so much excitement at the principal cities on the Mississippi river that the goods were abandoned. The Government has received official intelligence to this effect from the collector.

It is now understood that goods may pass as usual, but the duties collected at New Orleans go into the treasury of Louisiana instead of that of the United States.

PERSONAL.
GEORGE P. JOHNSON, recently from New York, will call at the residence of his uncle, on Ninth street, he will hear of something to his advantage.

TO AUGUSTUS.—Louis has arrived, and desires to see you as soon as possible.

THE GENTLEMAN who picked up a bundle, containing a pair of Velvet Slippers, in one of the passages of the House of Representatives, on Saturday, the 9th inst., will confer a great favor upon the owner by leaving them with the Doorkeeper at the centre door of the House of Representatives. By request of A. LADY.

LOCAL NEWS.

THE PEACE CONVENTION was not in session yesterday, having adjourned until to-day, so as to give the committee time for consultation.

A CREDITABLE EXAMPLE.—At the first meeting of the officers of the sixth regiment, District militia, (Col. L. J. Middleton,) the first thing done was a contribution of \$1 each for the National Monument—an example which we hope will be generally followed.

THE FEDERAL RIFLES.—This new company held another meeting on Wednesday night, and completed their organization by the election of the following non-commissioned officers: J. B. Quinlin, quartermaster; R. E. Moore, first corporal; Wm. Shedd, second corporal; H. Appleby, third corporal; D. Viemeyer, fourth corporal. This company anticipate joining in the parade on the 22d, and will give a grand "Union Ball" that evening.

PUTNAM RIFLES.—This company held quite a large meeting at Island Hall last evening. Several new members were elected, making the number now on the roll eighty-six. After transacting quite a large amount of business, Mr. Samuel C. Magruder, First Lieutenant, being called upon, addressed the company in a neat speech. After spending some time in drilling, the company adjourned, to meet at the Columbian Armory for drill on Thursday night.

THE INFANTRY'S NEW ARMY.—Coombs's Hall, on the south side of Pennsylvania avenue, between Ninth and Tenth streets, has been leased by Companies A and B, of the Washington Light Infantry. The main hall on the second floor is to be fitted up for concerts and balls, whilst the upper story is to be used as a drill room. The main hall is to be inaugurated on the night of the 22d by a grand military soiree.

OUR CITY FLAG.—In accordance with the joint resolution passed by the City Councils, Mayor Berret has ordered, from the establishment of Mr. Gibbs, Baltimore, a beautiful national flag, which is daily to be displayed in front of the City Hall. It is to be twenty-four by sixteen feet, and will be decorated with thirty-four stars.

STONE'S "HAWK."—This fine statue still remains open to the public at the studio of Dr. Horatio Stone, on New York avenue, between Thirtieth and Thirtieth streets, and is visited by large numbers each day, who are lavish in their praises of it.

Theodore R. Davis, a young Washington artist, has just taken a fine sketch of it for Leslie's Illustrated.

AN HOUR IN A MAGISTRATE'S OFFICE.—Early yesterday morning, a large crowd besieged the office of Justice Barnardo, on Massachusetts avenue, for the purpose of receiving orders for groceries. Long before the time for the 'aquire's arrival—in fact, some came before day—the office was almost hidden from view by the motley crowd which was gathered before it. At last, the 'aquire made his appearance, and was welcomed by the glad voices of the vast crowd, who, with no little exertion, opened a way for him to his office.

Once seated at his desk, the crowd poured in and made their applications for the provisions, which it was understood he was to dispense on that day.

"First come, first served" seemed to be the motto in the distribution of the orders for provisions.

An old lady, who, from her accent, had evidently once been an inhabitant of the Emerald Isle, was the first to make application. She said that she had made application a "wake ago last Monday," and "sure, 'aquire, ye will be after giving me an order, for I've five little children at home, who seldom see a piece of meat; and as for bread, 'tis the crusts they beg that kapes the breath in their bodies." An order was given her, and she departed with "a God be with ye, 'aquire."

A sturdy-looking man next applied, and said he had a family who were on the eve of starvation; and as for himself, he hadn't done any work for six months. He gave his residence, and an officer was sent to see if his family were really in need. The officer, after a short absence, returned, and made a report confirming the truth of the statement, and the poor man's eyes glistened with thankful tears as he received an order.

A little woman, apparently not more than twenty years of age, evidently a stranger to the most of those present, made her way up to the 'aquire, looking as if she was not able to speak. On giving her residence, several others in the crowd said she did not live in that neighborhood, and she was sent off without an order.

Many others came up with similar pleas. Some who were not known by the justice or police officers in attendance, were refused, and departed with sad countenances. Those who were successful went off, after thanking the magistrate, their countenances lit up with emotions of the liveliest gratitude. The orders were all given out about two o'clock, and many remained unserved.

Among the large number present, there were about three Germans, two Americans, and five colored, all the rest being Irish. Verily, each nation has its own characteristics.

RE-ARRESTED.—Some time ago a woman named Barnes, (colored,) was arrested upon suspicion of setting fire to the barn of Mr. J. B. Haw. Upon that occasion the case was investigated before Justice Johnson, and the parties dismissed. On Monday night she was again arrested by officer W. H. Plowman, and committed to jail for further hearing by Justice Barnardo, upon the same charge, with new evidence, amounting to the fact sworn to by W. H. Ball, that the accused told Fausce Grayson that she fired Haw's barn.

DARING ATTEMPT AT ROBBERY.—On Sunday morning, as the family of John R. Elvans, Esq., of the seventh ward, were at breakfast, a man approached a window, which had been left open, and seized a coat belonging to Mr. E., which was lying just inside. A colored boy in the room caught hold of the coat to prevent its being taken, and at the same time called out for Mr. E. The thief, becoming alarmed, dropped the coat and fled.

FRANK LESLIE.—The eminently genial, tasteful, and skillful artist representing Leslie at present in this city, is our friend T. K. D., whom we had the happiness to meet last evening at French & Richstein's, where excellence in news, literature, or art, is always found. Mr. Leslie himself will be in town on the 27th inst.

MARINES ARRIVED.—A detachment of two sergeants, one corporal, and twenty-seven privates, U. S. marines, arrived here yesterday from the Brooklyn barracks. They are a portion of the garrison lately stationed at Warrington, Florida, and left by special orders from the Department, under the command of Orderly Sergeant Samuel F. Reynolds.

THE MASQUERADE BALL.—The masquerade of the Turn-Verein came off at the Assembly Rooms last night, according to announcement. It was very largely attended, and everything went off in the very best manner. We have not room to-day for a more extended notice.

THE LEVEE.—The attendance at the President's levee last night was very large. Both Houses of Congress, the Supreme Court, the Army and Navy, and the Foreign Ministers, were well and largely represented. Then too, there was such a collection of female beauty as has seldom before been gathered inside the halls of the President's mansion, embracing representatives from all sections of the country.

NARROW ESCAPE.—One of the large cranes in the forging shop at the Navy Yard fell yesterday morning with a great crash, at the time the usual number were about, but fortunately without hurting any one.

IN TOWN.—Tom Toole, Agent, and Mr. and Mrs. Joe Cook, late of the Chicago Ethiopian Serenaders, and now with the Excelsior Varieties, are in this city on a visit. The Varieties will open in this city.

BIG FISH.—A rockfish, measuring thirty-four inches in length, was caught near the Long Bridge yesterday morning.

Hobbs, of the Clarendon Restaurant, kindly serves us the best oysters that we know of in the city. Those he sent us yesterday were really delicious.

ALEXANDRIA ITEMS.

CELEBRATION OF WASHINGTON'S BIRTHDAY. The volunteer companies are making preparations for an appropriate celebration of the Birthday of Washington. In addition to the Mount Vernon Guards, Alexandria Riflemen, Old Dominion Rifles, and Alexandria Artillery, it is expected that the Minute Men from Culpeper, C. H., and one or more companies from Washington, will be present, as guests of the Alexandria Riflemen, and take part in the celebration. On that day, a handsome flag is to be presented to the Riflemen by the ladies, and the occasion will be one of great interest. At night, a ball will be given by the Mount Vernon Guards, at Sarepta Hall. The Alexandria Fire Company have also determined to unite in the celebration. 'Alexandria is never backward in paying homage to the memory of Washington.

COTTON.—We learn that the Orange and Alexandria Railroad Company have contracted to bring to this city, over their road, two thousand bales of cotton, to be shipped from this port to New York in steamers. The cotton is from Memphis, and to be brought to Lynchburg over the Virginia and Tennessee railroad. This is but the beginning of a heavy trade to be done in cotton by the new route.

RENTING OF THE FISH WHARF.—The fish wharf was rented on Saturday last, at public auction, John T. Freighon, auctioneer, from the 1st of March to the 1st of June, to Thomas Javins, for \$2,125.

MILITARY.—At a meeting of the field and staff officers, together with the captains and lieutenants of the 17th regiment of volunteer militia, held in Phoenix Hall, on Monday evening, resolutions were unanimously adopted, declaring that the formation of a battalion by the volunteer companies would be detrimental to the interests and prosperity of the regiment, and would have a tendency to weaken the spirit and pride of the officers who have done so much to build it up.

THROUGH TICKETS TO RICHMOND.—Arrangements have been made by the Orange and Alexandria and Virginia Central railroads, by which through tickets between this city and Richmond are again issued.

LEAK IN THE ALEXANDRIA CANAL.—The water in the Alexandria canal has been drawn off to repair a slight leak in the road arch at the Four-mile Run.

Georgetown Correspondence.

GEORGETOWN, Feb. 12, 1861.
The delegates of our four precincts met last evening, and nominated Robert P. Dodge, Esq., for the Mayoralty. There are now three candidates in the field.

Companies A and B, Anderson Rifles, and also the Mounted Guard, received their equipments to-day.

Forrest Hall has been rented by the Government as an armory for the Georgetown battalion. It is now being put in thorough order for the reception of the arms.

The Mounted Guard will be out to-morrow (Wednesday) afternoon, starting from Lieut. Linn's Hotel at two o'clock, for the purpose of parade, and Capt. Stewart may well be proud of the noble body of men under his command.

I stated in a late letter that the Rockville company of Rangers was composed of Unionists; but, by a communication in your paper, I regret to see that I have been deceived. I was informed of what I stated by a respectable citizen of Rockville.

Some things are such trifles as scarcely to be worth noticing, so I need not trouble myself in relation to "Visitors," the correspondent of the *Confederator*. It is evident that he is very sore.

POLICE.—A colored man, named Booth, was arrested by Officer Drill, this morning, for stealing wood from the yard of Charles H. Myers & Son; he was held to bail in the sum of \$300, by Justice King, for his appearance at court.

OBITUARY.
Departed this life, in this city, on the 12th inst., in the 51st year of his age, of typhoid fever, superinduced by anxiety of mind occasioned by the distracted state of his country, William H. Rogers, formerly U. S. District Attorney for the State of Delaware, under President Polk, and for the past few years a resident of Washington.

The memory of William H. Rogers will be ever cherished as the successful champion of the naval victims of the ever-memorable "Board of Fifteen."

DIED.
On Monday, 11th inst., Caroline Elizabeth, infant daughter of Robert E. and Mary E. Taylor, aged 10 months and 4 days.

NATIONAL MEDICAL OFFICE,

ESTABLISHED IN 1840.
Every description of curable Diseases speedily removed.

DRS. BROTHERS & GRAY are the only physicians in this city who can permanently cure all secret diseases without mercury. The argument is, that the every-day enlightenment of mankind should protect them from resorting to the unprincipled and unqualified; that necessary inquiry and reflection should divert the visit from the nostrum-monger to the respectable practitioner; but, alas! the dilemma in which a man finds himself, when suffering from the follies of his own imprudence, and which he is anxious to conceal, renders him more solicitous to shun the respectable man, and to creep into the nooks and corners for counsel and consolation. Beware of those nostrum medical offices, or houses, ornamented with the emblem of the healing art, as the greater part of those persons pretending to give advice upon secret diseases are empirics that have no medical knowledge, or only as they have gathered it in a drug store, or by promiscuous and undigested reading of works upon the subject, and therefore incompetent to discriminate between the true and false systems which are recommended by different authors. These persons only practice to deceive and ruin their duped patients. Too indolent to follow their legitimate business, and in no way capacitated to treat the subject of which we speak scientifically and correctly, they substitute impudence and presumption for knowledge and experience.

GLAD NEWS FOR THE UNFORTUNATE.

The long sought for discovered at last.

SOUTHEY'S GREAT LONDON REMEDY; an unfailing specific for all diseases of the urinary organs, and a general alterative and blood purifier.

This remedy cures when all others fail. It is entirely unlike every other medicine prescribed for venereal diseases, as it contains no mineral poison, mercury, or noxious drugs. Being prepared from roots, herbs, and leaves, in a very pleasant form, it is Nature's own remedy for gonorrhoea, gleet, gravel, stricture, and is especially recommended for whites in females; for this complaint it is invaluable.

As a general alterative and blood purifier it has no equal, and does not fail to cure scrofula, glandular swellings, mercurial and all eruptive diseases, curing them more speedily and permanently than any other medicine known. It does this by purifying and cleansing the blood, causing it to flow in all its original purity and vigor, thus removing from the system all impure and pernicious causes which have induced disease.

In old cases of gonorrhoea and gleet, which have baffled all medical skill, it is especially recommended. In old cases it never fails, and in recent ones it cures in from 3 to 6 days. A few doses positively removes all heat, chorde, and pain.

It does not affect the breath, or interfere with any class of business.
It requires no assistance from any other medicine.

It can lay on the toilet table or on the counting-room without ever being suspected as a remedy for secret diseases.

The only and sole proprietor is **DR. S. T. SHUMAN**, who keeps the great Southern Medical House, corner of Sixth street and Pennsylvania avenue, under the Clarendon Hotel, opposite the National Hotel, Washington, D. C. By enclosing \$2.50, either in money or postage stamps, to Dr. Shuman, and describing symptoms, persons can be positively cured in from 3 to 6 days. There is no advantage in going from one quack to another, and buying nauseous mixtures, which will retain no medicine in such a condition that it will retain no medicine at all, and end in gleet, nocturnal emissions, and other complaints, which eventually lead to suicide, and at the same time drain the patient of every cent, and leave him to pine away and die a miserable death. Let no false pride or delicacy prevent persons from applying.

DOCTOR SOUTHEY'S GREAT LONDON REMEDIES cure gonorrhoea, cure gleet, cure strictures, cure impotency, and skin diseases, in from 3 to 6 days. Dr. Shuman, at his great Southern Medical House, is sole proprietor, and the above medicines are not of genuine unless received directly from his hands. Feb 12-1y
